## Application for Livestock Operations

In accordance with Ordinance 2018-1 Section 2.a, Section 2.b, and Section 2.c, you must submit site plans based on various factors.

The easiest way to do this would be to go to [beacon.schneidercorp.com](http://beacon.schneidercorp.com). Select Indiana and your county, then click property search. From there you can enter your name or address to find your property. Once you are viewing your parcel report, you can click the blue PDF link underneath "Property Report Card". This shows your acreage and other information the Town may need to know for your property. Print this report off. Go back to your parcel report, scroll to the bottom, and click the picture below "Map". An aerial view of your property will come up. Print this.

Now that you have your map, you can easily mark what you need to according to Ordinance 2018-1 Sections 2.a, 2.b, and 2.c. We ask that you use a specific color for each section to keep any confusion to a minimum.

Please include the map and the Property Report Card with your finished application.
