

**RESOLUTION NO. 2019-1**

**A RESOLUTION TO ADOPT THE HUNTINGTON COUNTY  
FLOOD RESPONSE & EVACUATION PLAN.**

**WHEREAS**, the County of Huntington established a Flood Response Committee (“Committee”) in 2015 to prepare the County for future flood-related disasters and mitigate risk to life and property, and the Committee determined that a flood response plan would serve towards meeting those needs; and

**WHEREAS**, the Board of Commissioners of Huntington County, Indiana, contracted with Butler, Fairman & Seufert, Inc. to assist the Committee in preparing a Flood Response & Evacuation Plan (“FREP”) for all jurisdictions in Huntington County. The resulting FREP is attached and is incorporated hereto as Exhibit A; and

**WHEREAS**, the Town Council of Markle, Indiana, find after investigation and deliberation that the adoption of the FREP is necessary and prudent for the flood hazard safety of Town citizens;

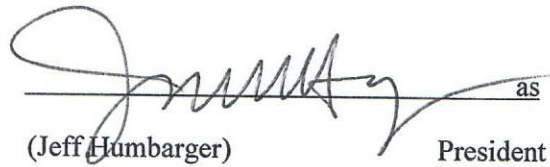

**WHEREAS**, this is a multi-jurisdictional plan and cities and towns that participated in the planning process may choose to also adopt the FREP;

**NOW, THEREFORE, BE IT RESOLVED** by the Town Council of Markle, Indiana, that the Town of Markle supports the flood response and evacuation planning efforts and wishes to adopt the Huntington County Flood Response & Evacuation Plan, effective immediately.
